**ARE PROUD TO ANNOUNCE AN INNOVATIVE PARTNERSHIP WITH**  
**THE ROYAL BROMPTON & HAREFELD NHS TRUST,**  
**ONE OF THE UK'S FOREMOST CARDIAC CENTRES**

---

London, United Kingdom, 01 June 2003: Regent's Park Heart Clinics Ltd. (Regent's Park), an independent healthcare company specialising in the diagnosis and treatment of heart disease, today announced an innovative partnership with the Royal Brompton and Harefield NHS Trust to jointly develop mobile cardiac catheterisation services.

Dr. Ohri, Chief Executive of Regent's Park, said, "It is a privilege to be working with the internationally acclaimed Royal Brompton & Harefield NHS Trust. This partnership harnesses valuable resources of both the public and private sector in a way that will improve the delivery of cardiac services and enhance patient care. The partnership allows our company to use our staff and know-how to market and distribute spare cath lab capacity, bringing additional revenue into the trust. It makes perfect sense because all parties win. The Trust benefits financially from the improved utilisation of the laboratory, Regent's Park benefits from the resources of a leading heart centre and patients benefit from reduced waiting times to diagnose the extent of their heart disease."

He added, "There is an enormous need for quality healthcare focused on the treatment of heart disease throughout the United Kingdom. We believe in working with the NHS, cardiac specialists and local communities to develop services that will reduce patient waiting times in a safe, high quality and cost-effective environment".

Regent's Park is an independent company dedicated to creating world-class centres for the diagnosis and treatment of heart disease. The company develops, owns and operates diagnostic and treatment facilities focusing exclusively on cardiovascular disease in partnership with leading hospitals and groups of cardiologists across the United Kingdom. Regent's Park prides itself on its ability to deliver high quality, cost effective cardiac care, through excellent service, efficient operations management, well trained staff and uncompromising professionalism.

The Regent's Park guiding philosophy is that every patient with heart disease should have access to healthcare of a world-class standard.
