**REGENT'S PARK SELECTED TO RECEIVE
TWO NATIONAL INDEPENDENT HEALTHCARE AWARDS**

LONDON, United Kingdom, 14 June, 2011: Regent's Park Heart Clinics Ltd. (Regent's Park), an independent healthcare company specialising in the diagnosis and treatment of heart disease, today announced that it has been selected as a finalist in two award categories for the 2011 Laing & Buisson Independent Healthcare Awards. A team award for '**Healthcare Innovation**' and an individual award to its founder and CEO for '**Entrepreneur Achievement**'.

Entering their sixth year, the Independent Healthcare Awards which are sponsored by Laing & Buisson (L&B) are widely considered to be the most prestigious event in the healthcare sector calendar.

The judging panel aims to highlight the range of achievements within the independent healthcare sector and to pay tribute to those individuals and teams who have demonstrated outstanding excellence. L&B are a leading independent provider of market intelligence to the independent sector and considered to have the expertise to identify and honour the best performing care providers in an industry where the independent sector is taking an ever more important role.

The 2011 awards will feature a wide range of categories in order to showcase professional skills, management leadership, excellence and spirit of enterprise across the full range of independent health and social care delivery.

Commenting on the nominations, Dr. Ohri, founder and CEO of Regent's Park said: "It is a tremendous privilege to be nominated by Laing & Buisson for these highly prestigious awards". He added: "I believe the nominations are a huge endorsement of our key corporate values of delivering patient focused care through teamwork, service innovation and our enthusiasm to learn and improve the way we do things each day."

The winners will be unveiled at a gala dinner at the Grosvenor House Hotel, Park Lane, London on 20 September, 2011.

Regent's Park is an independent company dedicated to creating world-class centres for the diagnosis and treatment of heart disease. The company develops, owns and operates diagnostic and treatment facilities focusing exclusively on cardiovascular disease in partnership with leading hospitals and groups of cardiologists across the United Kingdom. Regent's Park has been a national provider of cardiology services to the NHS since 2003, and has provided invasive cardiology procedures to over 35,000 patients through its facilities - coronary angiograms, coronary angioplasty, cardiac electrophysiology, defibrillator and pacing procedures. Regent's Park prides itself on its ability to deliver high quality, cost effective

cardiac care, through excellent service, efficient operations management, well trained staff, and uncompromising professionalism.

The Regent's Park guiding philosophy is that every patient with heart disease should have access to healthcare of a world-class standard.
